

Ordinary DISINFECTION

-  Can be used when there is **no** plausible, possible or known presence of virus
-  Proper hygiene task that is a good exercise for prevention
-  Should not be used to combat virus if known case of COVID-19 occurs
-  Has no effect on SARS-CoV-2, which causes the COVID-19 disease
-  Does not remove the contamination, it can only reduce it

Clean Harbors DECONTAMINATION

-  Should be utilized when there **is** a plausible, possible or known presence of the virus
-  Performed by **HAZWOPER-trained professionals using EPA-approved SARS-CoV-2 solutions** that eradicate the contamination
-  Entire focus is on killing the virus, utilizing everything from foggers to misting equipment, while wearing Level C PPE with total body protection and full-face respirators
-  Complete removal of contamination – remaining waste is safely managed and legally transported to one of our incinerators, where it is completely destroyed down to the molecular level

THE WAR ON CORONAVIRUS IS TOO DANGEROUS TO TRUST TO A JANITORIAL SERVICE.

Whatever the emergency, you can be sure that our response personnel will execute the clean-up and disposal of your waste in strict accordance with the most current CDC, EPA and DOT regulations. At the conclusion of the event, Clean Harbors will safely transport and dispose of any COVID-19 waste at one of our approved incineration facilities.

Since 1980, Clean Harbors has taken the lead in identifying the most effective, safe and environmentally sound options for managing environmental and infectious emergencies. Our commitment to integrity and high performance standards has resulted in long-standing business relationships with government agencies, insurance companies and a majority of Fortune 500 companies. With more than 450 service locations, 75 dedicated emergency response offices, and over 100 waste management facilities throughout North America, Clean Harbors is your single source for the safe, efficient management of any environmental or infectious event.

With the right focus on preparedness and business continuity coupled with a world-class partner like Clean Harbors, your employees, family and stakeholders will all have the confidence and security they deserve.
